

EW-Government Request Form

CAC Users: If you have a DoD Common Access Card (CAC), do not submit this form. Instead, download EW-Govt directly from the TENS website at <https://www.tens.af.mil/download.htm>.

All Other Users:

- IF you can sign emails with ECA, PIV, or another government digital signature, then fill out the top section and explain in the comments section so that we can exchange signed emails;
- OR if you have a colleague or supervisor who has a .mil or .gov address, complete the form, including the government sponsor section.

If you represent a large organization and would like a customized version, please describe your group and the request. We'll contact you to work the details.

By completing this form you agree that:

1. **EW-Government** is for official, U.S. government business,
2. Will be used by the U.S. federal government and its contractors,
3. That you are allowed to re-distribute it per the same guidelines,
4. **EW-Unified** is FIPS 140-2 compliant and can be used for private, commercial, and other use,
5. **EW-Public** is for private, commercial, and other use.

Once you have filled in the form, email it to Wright-PattersonAFRL.RYW_ATSPI_Outreach@us.af.mil.

The turnaround time will be several days.

Questions? Contact the TENS program office at the email address listed above.

Individual's Information (REQUIRED)

Name

Organization Name

Email Address*

How many users at your site will be using this copy of EW?

How did you hear about EW?

** Please use the email address which is registered to your CAC/ECA/PIV (if applicable).*
